

Considerations for Charities and Foundations Questionnaire

The table below outlines key questions to consider before entering into a charity and non-charity partnership. "Yes" answers indicate areas of strength; "no" answers indicate an area where measures should be instituted before the charity enters into a partnership with a non-charity.

Are you considering partnering with a non-charity?		Yes/No
1	Will partnering with a non-charity enhance your ability to achieve your charitable mandate?	
2	Does your organization have policy and procedures in place regarding partnering with non-charities?	
3	Do you have the capacity to provide administrative support and oversight to the project of the group, to the level this particular partnership would require?	
4	Do you have the capacity to provide mentorship to the group, to the level this particular partnership would require?	
5	Do you have the time required to invest in and maintain an effective and trusting relationship with the non-charity?	
6	Would accessing funding for the partnership negatively affect any of your current funding contracts?
